This celebration is a reward for students' good behavior at Unity West. If a student receives discipline from the office one time during the month of March, then he or she will not participate in the celebration. Teachers you can set up your own rules and timelines for your contest since this will take place in your classroom. You can make your air planes when you see fit. The only request we have is that your classroom competition is on Wednesday, March 31<sup>st</sup>. Mr. Didier will give you notice on Tuesday, March 30<sup>th</sup> about the student(s) that should not participate due to discipline. The PBIS Committee discussed possibly using this celebration tied into a math or science lesson, it is up to you. After you have done your celebration please bring down your best design and best flight planes to Mr. Didier's office to be displayed in the trophy case.
